Office Policies Effective 01-01-2026

This is a required form that must be completed for service

Missed Appointment:

There is a charge for missed appointments or cancellations that occur less than 24 hours (or one business day) before the set appointment time. Please know that we value you as a client of our practice, and we have set aside a specific appointment time just for you. While we understand that situations occur that may prohibit you from making it to your scheduled appointment, there is still a cost incurred by our practice even when you don't make it to your scheduled appointment. For this reason, we have a missed/cancellation fee in place as part of our office policy directives. All New Patient Paperwork must be completed at least 24 hours before your appointment; otherwise, it may be rescheduled. All our providers strive to make their appointments on time; therefore, we request you arrive on time. If you are a new patient, please arrive 15 minutes early. If you are returning for a follow-up, please arrive 5 minutes early. If your appointment is scheduled via telemedicine, please connect 10 minutes early to allow time for troubleshooting. You may be marked as a no-show if you are more than 10 minutes late for your appointment.

New Client Appointments: \$100 fee

Established Client Appointments: \$50 fee

****Please note: The No-Show fee for Neuropsychological testing differs from regular appointments. Please refer to the NEUROPSYCHOLOGICAL TESTING missed appointment charges listed below.***

No Walk-In Visits: Due to the high volume of clients and the inconvenience this may cause other clients who are already scheduled, we cannot accommodate clients who walk into the office.

Controlled Medications: (Narcotics/Benzodiazepines/Stimulants/Hypnotics): The state of Florida follows all controlled substance medications in a secure website called **E-FORCSE**. Harmony United Psychiatric Care does check on clients to see what controlled substances are prescribed. If it is found that you are being prescribed the same controlled medication from another provider or getting prescriptions for other controlled medications from another provider and failed to disclose to the provider at our practice, this will be cause for termination of care.

Stimulant/ Controlled Medication Prescription/Appointments: If you are prescribed a stimulant or other schedule II medication, you must be seen by a provider at least once every 30 days. If you are prescribed any other schedule III-V medications (including benzodiazepines and hypnotics), you must be seen by a provider at least once every 90 days.

Urine Drug Screen: As part of your psychiatric evaluation and ongoing care, you may be required to get a Urine Drug Screen test at a laboratory as per your provider's request and our clinic policy.

Insurance Coverage: The Company will make its best efforts, based on our research and experience, to verify your eligibility. Ultimately, it is your (the client's, Guardian's, or Legal Representative's) responsibility to ensure your benefits cover your services. We recommend reviewing your policy and contacting your carrier to confirm coverage before receiving our services. You will be responsible for paying in full for all services not covered by insurance.

Photo ID: Our practice requires clients or parents/legal guardians to provide their Photo ID if they would like to receive services from our practice.

Minor Clients: Clients under the age of 18 must have a parent/legal guardian attend their first appointment with them. Follow-ups for medication management appointments would require a parent to be present for at least part of the appointment. Follow-ups for psychotherapy or neuropsychological/neurocognitive testing can be done without a parent/legal guardian present during the appointment with parental consent.

Minors' and Split Parental Disclosure:

Medical Records: Florida Statute. § 61.13(2)(c)(7)

Access to records and information about a minor child, including, but not limited to, medical, dental, and school records, may not be denied to either parent. Full rights under this subparagraph apply to either parent unless a court order expressly revokes these rights, including any restrictions on these rights as provided in a domestic violence injunction. A parent having rights under this subparagraph has the same rights upon request as to form, substance, and manner of access as are available to the other parent of a child, including, without limitation, the right to inperson communication with medical, dental, and education providers.

As such, barring a court order limiting either parent's access to the child's medical records, either parent has the right to obtain information regarding a minor child.

Dispute over Medical Decisions:

Florida law does not require both parents to consent, only one. The medical provider is not required to play arbiter for both parents who may disagree. When consent is necessary for a medical action, the medical practitioner informs the consenter about the procedure and any potential risks or harm under accepted medical standards and practice. Once the medical practitioner has provided the consenter with information about the risk of harm, the medical practitioner has done their duty to receive informed consent before any medical action is practiced on the child.

New or Established Client Appointments Disclosure: By scheduling an appointment with our provider, you (the client, Guardian, or Legal Representative) confirm a consultation visit, and it is not a pre-confirmation of a prescription. The Company cannot ensure that any prescription will be issued. Prescription determinations will be made solely by the provider, based on medical necessity, after a consultation, evaluation, and fulfillment of all required criteria.

Balance/Payment: Payment is due at the time of service. It is your responsibility to keep your account in good standing. If there is a balance, this should be paid in full, or an acceptable payment plan must be made with the Billing Office. The payment plan will be approved on a client-by-client basis. Failure to keep your account in good standing can result in termination of care.

Returned Checks: Returned checks will result in a fee of \$35.00 plus the current balance due amount. This must be paid before any future appointments are scheduled, or an approved payment arrangement must be made with the Billing Office.

Medical Records: Medical Records will be released with a completed HIPAA (Health Insurance Portability and Accountability Act) compliant medical record release form. There will be a fee charged for paper or electronic copies of medical records provided directly to the patient or to governmental or non-governmental entities. Fees:

- Records requested by someone other than the patient (Non-Governmental): Records will be charged \$1.00 per page; Sales Tax and Actual Postage will be charged additionally.
- Records requested by the patient or governmental entities: Records will be charged \$1.00 per page for the first 25 pages. For each page in excess of 25 pages, there will be a charge of \$0.25 per page. The cost of reproducing non-written records such as X-rays will be charged at the actual cost of the reproduction.
- There is no charge for medical records sent to a healthcare provider when arranging a transition of care or related to communications between healthcare providers.
